

## High Capacity Water Flow Meter Body Anti Magnetic Type For Cold Water

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: TSTY
- Certification: ISO 9000
- Model Number: ACCORDINGLY
- Minimum Order Quantity: NEGOTIATION
- Price: USD EUR RMB
- Packaging Details: STANDARD EXPORT PACKAGE
- Delivery Time: 4-8 WEEKS
- Supply Ability: 500000 PCS PER MOUTH

#### Product Specification

- MATERIAL: BRASS
- SIZE: DN15-DN50
- MEDIA: COLD WATER
- SURFACE TREATMENT: NATURAL POWDER COATING NICKLE PLATING
- Highlight: domestic water meter body, brass water meter body

## Product Description

|                        |                                                                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Item                   | High Capacity Water Flow Meter Body Anti Magnetic Type For Cold Water                                                                                |
| Material               | CuZn40Pb2,CuZn39Pb3,CC754S,CC770S,C3604,C37710,CW614N,CW617N,DZR BRASS, etc.                                                                         |
| Dimension              | DN13, DN15,DN20,DN25,DN32,DN40,DN50                                                                                                                  |
| Finish                 | Natural, Powder coating,Nickle Plating                                                                                                               |
| Connection             | Threaded or Flanged                                                                                                                                  |
| Process                | Gravity casting, Automatic Sand casting,Shell molding, Forging                                                                                       |
| Machining Equipments   | IMR gravity casting machinin, Japan automatic casting line,CNC,CNC Lathe,Transfer machine for water meters,etc                                       |
| Inspection Equipements | Spectrometer for material composition analysis<br>CMM for diemsion check<br>100% leakage test with 0.6MPa - 0.8MPa by air.<br>100% thread inspection |
| Design                 | OEM/ODM                                                                                                                                              |
| Sampe requested        | Yes                                                                                                                                                  |
| MOQ                    | 500-2000pcs                                                                                                                                          |
| Price Term             | Ex-works, FOB,CIF, etc                                                                                                                               |

### COMPANY INTRODUCTION

Shanghai Tianshen Copper Group Co., Ltd, established in 1992, is a professional manufacturer for copper materials and parts. With the development of 25 years, Tianshen has set up two facilities in Shanghai and Zhejiang as the manufacture base. By adoption of the advanced and automatic equipments, Tianshen focuses on providing high quality products throughout various industries, such as faucet, water meter, valve, plumbing, power, connector etc. With the high quality, excellent service and competitive price, Tianshen has become long-term strategic suppliers for many well-known brands all over the world.

#### OUR PROCESS

|                                |                        |
|--------------------------------|------------------------|
| Gravity casting                | Automatic sand casting |
| Centrifugal casting            | Hot forging            |
| Continuous casting / Extrusion | Machining              |

### OUR ADVANTAGES:

Comprehensive manufacture process from raw material to finished parts  
 ---Devoted to whole process control and continuous improvements  
 Well equipped with modern devices and professional personnel  
 ---Share advanced technology and experience  
 Multiple ways of production process from casting to forging  
 ---Meet various needs of clients  
 Long-term partnership with top international companies  
 ----Stay competitive and focus on excellence

#### MAIN PRODUCTS

|                                   |                                    |
|-----------------------------------|------------------------------------|
| Water meters and couplings        | Valves and fittings                |
| OEM Brass/Bronze/ Lead free parts | ETP Copper Bus bar                 |
| Brass/Bronze/ Lead free Ingots    | Brass/Bronze/ Lead free Rods       |
| Brass/Bronze/ Copper Coils/Strips | Brass/Bronze/ Copper Sheets/Plates |

## CAPTION FOUNDRY 铸造车间

### 车间介绍 Workshop is introduced

产品具有优良的延展性、深冲性、高电导和优良的导电性能特点,广泛用于建筑、机械制造、汽车、电子电器、集成电路、变压器、电缆及各种电气设备等行业。

Be provided with excellent ductility, deep-drawing performance, plating conductivity etc., and widely used in architecture, mechanical manufacture, auto motor,

## COPPER INGOT 铜锭系列

### 产品介绍 Product introduction

产品结晶细腻，流动性好，含铜量纯正，表面光亮，易抛光，广泛用于卫生洁具、装饰装潢等行业，尤其适用于重力浇铸和挤压铸造工艺生产龙头和阀门等产品，能有效提高良品率，降低生产成本。

Be provided with high density, good liquidity, pure copper content, glossy surface, easy polishing etc., especially good at facade and valves by gravity die casting and low pressure casting with high qualified rate and low cost.

H62黄铜锭  
H62 brass ingot

## COPPER BAR 铜棒系列

### 产品介绍 Product introduction

通过控制轧制工艺生产，具有良好热冲压和切削性能，备有圆棒、六角形等多种形状。

Be provided in round, square, hexagonal, with good hot stamping and cutting property by drawing and expanding crafts.

### 产品展示 Product display
